

Table 2: Comparison of mean policy success rates (%) under the FM-IRL setting across nine navigation and manipulation tasks. We compare MPG against nine baselines and report 95% confidence intervals over five random seeds. The best and second-best mean performances on each task are shown in **bold** and underlined, respectively.

Method	Maze2D	Block Stacking	Drawer Open	Door Lock	Door Unlock	Plate Slide Back	Door Open	Lever Pull	Button Press Wall
